

SORBY ADAMS

BAROSSA

2010

Jellicoe

Cabernet Sauvignon

The Cabernet Sauvignon for this particular wine is sourced from our Jellicoe vineyard high in the Eden Valley near Mt McKenzie. At 475 metres above sea level the rocky soils and cool climate of this Barossa sub-region provide Cabernet Sauvignon fruit that is strong in varietal characters and big in flavour and vitality.

Deep red/garnet in hue the 2010 Sorby Adams Jellicoe Cabernet Sauvignon shows great detail to its captivating aromas. Fruit characters of blackberry, cassis and blackcurrant, with higher tones of redcurrant and red cherry showing through. Hints of red liquorice, cinnamon, five-spice, briar, earth, espresso and chocolate combine to produce a most alluring and complex bouquet.

Drink now – 2025

Alcohol 14.4%.

Acidity: 6.83g/l

pH: 3.45
